IRIS REPORT NOV 2021

## IMPORTANT NOTICE

This structural self-mapping report is produced by irispectra solely for personal education and self-knowledge. It is based on topological zone analysis and structural pattern interpretation of the iris photograph submitted by the recipient. This report does not constitute medical advice, medical diagnosis, clinical assessment, or healthcare service of any kind. irispectra is not a licensed medical institution. No person involved in the production of this report is acting in a medical or clinical capacity. Structural patterns described in this report are interpretive observations derived from iridological and topological methodology – they are not clinically measured findings, laboratory results, or diagnostic conclusions. Individual results vary. No specific outcome – physical, psychological, or otherwise – is guaranteed or implied. This report is not a substitute for consultation with a qualified and licensed healthcare professional. If you have concerns about your physical or mental health, please consult a doctor or appropriate specialist. Do not make medical decisions based solely on the content of this report. The iris photograph submitted for this analysis was provided voluntarily by the recipient. It was used exclusively for the purpose of producing this report and is handled in accordance with irispectra's Privacy Policy (irispectra.com/privacy). Iris photographs are not shared with third parties, not used for machine learning or research purposes, and are permanently deleted within 30 days of report delivery. By receiving this report, you confirm that you have read and understood this notice, and that you accept irispectra's full Terms of Service (irispectra.com/terms) and Refund Policy (irispectra.com/refund).

## IRIS COLOUR / BASE TYPE

BLUE-GREY LYMPHATIC BASE · AMBER-ORANGE MIXED PIGMENTATION

## STRUCTURE

SILK-SHAKER HYBRID · FINE RADIAL FIBRE DENSITY

## CONSTITUTIONAL TYPE SENSITIVE SYSTEM

HIGH ENVIRONMENTAL RECEPTIVITY

## PSYCHO-EMOTIONAL READING

ASSOCIATIVE LOGIC CHAIN OBSERVED:

- STRONG RADIAL LINE DENSITY – ANALYTICAL PRECISION, PATTERN-SEEKING MIND
- AMBER PIGMENTATION AT COLLARETTE – ACCUMULATED EMOTIONAL PROCESSING LOAD
- BLUE-GREY BASE – HEIGHTENED NERVOUS SYSTEM SENSITIVITY, EMPATHIC ABSORPTION
- FIBRE IRREGULARITY AT 8:00–9:00 – UNRESOLVED TENSION HELD IN THE BODY

## PIGMENTATION MAPPING

- DENSE AMBER-ORANGE AT INNER ZONE (2:00–5:00) – HEPATIC-BILIARY PROCESSING SIGNAL
- SCATTERED AMBER AT MID-ZONE (8:00–10:00) – LYMPHATIC CONGESTION PATTERN
- ORANGE CLUSTERING NEAR COLLARETTE – EMOTIONAL MATERIAL HELD AT SOMATIC LEVEL

## ZONE FINDINGS

### DIGESTIVE / COLLARETTE ZONE

- IRREGULAR COLLARETTE BORDER AT 5:00–7:00
- ABSORPTION SENSITIVITY – GUT RESPONDS TO EMOTIONAL STATE
- DIGESTIVE RHYTHM MAY NEED CONSCIOUS STRUCTURING

### HEPATIC-LYMPHATIC PATHWAY (8:00–10:00)

- AMBER PIGMENTATION + LYMPHATIC FIBRE PATTERN
- DETOXIFICATION SUPPORT INDICATED
- FLUID RETENTION TENDENCY, SLOW LYMPHATIC CLEARING

### CARDIAC-EMOTIONAL ZONE (2:30–3:30)

- ORANGE PIGMENTATION DENSITY HIGHEST HERE
- EMOTIONAL PROCESSING CENTRED AT CHEST LEVEL
- DIAPHRAGMATIC HOLDING – BREATH AS EMOTIONAL REGULATION

### NERVOUS SYSTEM BASELINE

- FINE SILK FIBRES THROUGHOUT – HIGH SENSITIVITY BASELINE
- REACTIVE TO ENVIRONMENT, SOUND, LIGHT, RELATIONAL TENSION
- RECOVERY REQUIRES GENUINE WITHDRAWAL, NOT JUST REST

## CONSTITUTIONAL ARCHETYPE

CORE STRENGTH: DEPTH OF PERCEPTION, EMOTIONAL INTELLIGENCE, SOMATIC ATTUNEMENT  
PRIMARY CHALLENGE: ENERGETIC BOUNDARY SETTING – ABSORBS OTHERS' STATES  
COGNITIVE STYLE: IMPRESSIONISTIC, HOLISTIC, NON-LINEAR – ARRIVES AT TRUTH THROUGH FEELING  
RELATIONAL PATTERN: GIVES MORE THAN IS GIVEN – LOYALTY THAT REQUIRES RECIPROCITY  
GROWTH EDGE: LEARNING TO RECEIVE – SELF-DIRECTED NOURISHMENT
